GENERAL NEWS.

FROM NEW YORK.

CASTLE GARDEN DESTROYED BY FIRE.

New York, June 9.

Castle Garden, the emigrants' head quarters, was consumed by fire this afternoon, entailing a loss of $40,000, partially covered by insurance. 10,000 packages of baggage and trunks were burned together with all the books and papers of the Immigration department. There were 300 immigrants in the building at the time, but all escaped uninjured.

FROM WASHINGTON.

THE ORGANIZATION OF THE REPUBLICAN NATIONAL COMMITTEE.

Washington, July 9.

Secretary Chandler, of Michigan, was elected yesterday chairman of the national republican committee, on the second ballot, by a vote of 26, the number necessary to a choice being 23. The only candidates of prominence were Chandler, Noyes and Cornell. On the first ballot Chandler received 22 and the remainder were divided nearly equally between Noyes and Cornell, one vote being cast for John M. Forbes, of Boston. On the second ballot, Chandler received 26, Noyes and Cornell about the same as before, and Postmaster General Jewell, who was present, one vote. There was no contest over the Secretaryship, Gov. McCormick, of Arizona, being nominated on the first ballot The attendance was large, only about half a dozen members being represented by proxies. The Blaine men combined against Cornell, of New York, the territories mainly voting with them, one vote from the territories being equal to the whole of New York. Hon. Wm. E. Chandler, former Secretary of the committee, now a member, was not a candidate for chairman. In addition to authorizing a division of the committee into two sub-committees, one charged with the campaign in the East and the other with that in the West, the chairman was authorized to appoint a committee of citizens in each of the larger cities of the country, as he should determine, with the member of the National committee for the state in which such city is, for chairman.

The Mississippi Senatorship.

The Republican says that Boutwell's committee will report that there was no such election in Mississippi as will justify the claim that Mr. Lamar was properly elected to the Senate, and the report will, therefore, take ground against seating him.

MISCELLANEOUS.

DISASTER IN A FRENCH COLLIERY.

Metz, July 9.

An explosion of fire damp occurred at l'Hopital Colliery, near St. Avold. Forty-two persons were killed and forty seven seriously injured.

THE TURKISH WAR.

Reports of Successes and Defeats.

London, July 8.

A dispatch from Vienna, says the second reserves left Belgrade Friday. Belgrade is almost deserted, and the streets are desolate and nobody at the cafes, except old and decrepid Servians. They seem very confident.

The Turks from Bolma attacked it on its flank but were repulsed, losing 80 killed and 210 wounded. Gen. Zach passed the frontier opposite Tenitza and fought the Turks five hours, both sides losing heavily. Gen. Zach intends to renew the attack. Later news from Belgrade admits that Gen. Olympic lost 700 men opposite Belgina.

The Servians Really Whipped.

Paris, July 8.

The Journal des Debats has a telegram dated yesterday, from Zimony, (Sewlin) three miles from Belgrade, which says that the Servian army of the Drina was completely beaten by 12,000 Turks at Beljina Ranco. Olimgics, the Servian commander, entrenched himself, having the river in the rear. The Turks captured two entrenchments and six guns.

Confirmed.

Belgrade, July 8.

Official telegrams admit the Servian loss of 900 killed.

The Strikes in England.

A a large meeting of the representatives of North and Northeast Lancashire Cotton Spinners and Manufacturers Association at Manchester, yesterday, it was unanimously resolved that the time had arrived when a reduction of 10 per cent. must be made in the wages of operatives in the cotton trade of the District. Meetings of various local associations will be held on Wednesday next. The resolution affects 50,000 or 60,000 operatives. Notice was issued by the masters in Wigan and Tyldesley mines for a reduction of 15 per cent. in miners wages. Wednesday evening the men came out on a strike, but it is expected they will yield in a few days on account of the trade being depressed. Yesterday several large and enthusiastic meetings were held in the Bromwich and Oldbury districts to consider the master's notices for an increase in the number of working hours and resolutions were adopted to resist to the utmost any encroachments on the present working hours. Both masters and men are resolute.

A Lockout Possible.

Liverpool, July 8.

A Blackburn correspondent of the Post telegraphs that the amalgamated masters in Worth and Northeast Lancashire are not only resolved to adopt the short time of four days per week, instead of six; but resolved upon a reduction of wages, and should a vigorous resistance be attempted, a lockout will be the result.

The Servians Defeated.

London, July 8.

A Post dispatch from Therap, a village near Constantinople, says Gen. Back's division of Servians were defeated near Novi Bazar, and suffered a loss of 1500 killed and wounded.

THE HOUSE OF CORRECTION AT SOUTH FITCHBURG, ME., BURNED.

Fitchburg, Me., June 9.

The main building of the house of correction at South Fitchburg, including the workshops, offices, chapel, kitchen, keeper's residence and stables were burned this morning at 2 o'clock. The prison proper was saved, and all of the prisoners, 72 in number, were safely removed. Nearly all of the furniture and movable articles of the jail and Keeper Dwinnell's residence were saved, and all the records of the institution. The fire was undoubtedly of incendiary origin. The loss will foot up from $60,000 to $75,000. The water-works do not extend to South Fitchburg, and the only source of water supply was from the river, 1500 feet away. Had there been one hydrant near the premises, all but the barn might have been saved.

HENRY WARD BEECHER.

Danielsonville, Conn., July 9.

Rev. Henry Ward Beecher preached on the common in Brookline, Conn., today upward of 3000 persons. People came in carriages from surrounding towns as far as New London, Woonsocket, Norwich and Windham. This evening he preached in the Congregational church in this place. Hundreds were turned away who were unable to gain admittance.

THE IOWA TORNADO.

Des Moines, Iowa, July 9.

The loss in the State of Iowa by the recent floods will amount to a million dollars. The loss in Warren county alone is $300,000.

Dubuque, Iowa, July 9.

Two more victims of the Rockdale disaster, named Mary Knapp and Olesen, were found today, making forty bodies recovered, and leaving but one missing as far as known.

POLITICAL NOTES.

That first-class political rascal, Warmouth, has succeeded in getting the Republican nomination for congress in the fifth Louisiana district. Let us hope that he may be beaten by some decent rebel.—[Hartford Post.

The National Democratic nominations having been honestly made at St. Louis, after one of the most earnest contests on record, there remained but a single duty to perform, and that was an honest acquiescence in the result. If this is not the proper conclusion of events, then there is no moral or political force in conventions, no rights belonging to majorities, no respect for platforms and rules of government, no regard for precedents, and everything becomes chaotic.—[N. Y. Express, Dem.

The venerable Thurlow Weed, who knows his man thoroughly, says of Tilden:

He did not go to the front in the hour of the country's peril. His voice was not heard in the time of danger, and when money was needed for the widows and orphans Mr. Tilden's purse was not open. No vote of mine shall ever aid to elect a President who was not in sympathy, and publicly known to be a war man, loyal to the core, ready with his voice, his influence and his means to help his country and uphold her flag. Mr. Tilden was not one of these.

Simon Cameron is the worst old political rascal in the United States. That is saying a great deal, but the fact cannot be questioned. A Republican House of Representatives branded him by resolution when he was secretary of war in Lincoln's time, and he has been growing older and more sly and wicked ever since. Cameron and Grant united their forces to nominate Hayes. We commend this fact to the attention of Carl Schurz, Geo. Wm. Curtis, and those Liberals who wanted a Reform candidate.—[Catskill Record.

The Albany "Argus" should keep cool when it speaks of Carl Schurz. No one assumes that he carries the German vote in his pocket least of all Mr. Schurz himself. The assumption—and a sound one—is that Mr. Schurz is able to distinguish reason from rant, and that he is not starving for the "spoils of office." In these respects our German fellow citizens resemble him. Mr. Schurz does not own the Germans as John Kelly owns Tammany Hall; he represents them.

The New York Express, which opposed the nomination of Governor Tilden, prints a long list containing the names of about 150 prominent democrats of New York state who agreed with it in sentiment, that some other man than Tilden should be nominated, and asserts that each one of the leading representative men named will work for the ticket with voice, vote and vigilance, now that the Democratic National convention has expressed its choice. It says "the gentlemen that comprise the list are all democrats, and make their fight against democrats before—not after—nominations are made." This statement confirms the view of the case we expressed while the nomination was pending. The democrats are not much inclined to bolt the regular nominations. They will fight like Trojans before and during a convention to carry or to defeat a point, but when the majority has decided the minority quietly fall into line and support the ticket.—[Boston Herald.

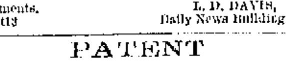
PATENT

PARABOLA



SPECTACLES.

The advantages of the Parabola Glasses over the old form of Spectacles, are a greater density of material, **perfect surfaces, and Parabolic form.** These qualities, united, form the **most perfect of lenses**, in the **perfect transmission of light**, joined to their peculiar form the wearer of the Parabola Spectacles is enabled to prosecute the **most trying labors** of the eye without those distressing results which follow the use of all other glasses. A peculiar and important feature in these Spectacles is witnessed in cases where young persons have been obliged to resort to the use of glasses, from some physical debility having affected temporarily their vision. In such cases the eye soon regains its healthy powers, and the glasses can be laid aside without having had the least tendency to affect the eyes so as to demand their continuous use.

[From Dr. George McClellan, Philadelphia.]

"I have recommended the "Parabola Spectacles" to several of my patients, and have received from most of them warm encomiums upon the article. They assert that these glasses do not fatigue the eyes by long use, as is apt to be the case with the double convex Spectacles, while the command of the eyes over the object of vision is much greater. This corresponds with the opinion any optician would form from his knowledge of the principles upon which those glasses are adjusted—so as to converge the rays coming from different quarters to the same focal distance. The eyes can be turned to a considerable extent, therefore, under these glasses, without involving the necessity of moving the head.

THE DAY.

Another "strike" or "lockout" is talked of in England.

Mr. Blaine has accepted the vacant senatorship from Maine.

Gen. Sherman thinks the regular army is sufficient to subdue the Indians. Volunteers are not wanted.

Col. T. W. Higginson gave an address before the normal school at Framingham, at the recent commencement.

Copies of the NEWS of June 28, containing the list of summer residents for 1876, may be obtained at the office of publication.

Fighting seems to be going on in the East but it is impossible to tell from the conflicting reports which party has been victorious.

The New York Herald heads the subscription list for a monument to the late Gen. Custer with $1000 and is willing to take subscriptions for and give an account for the same in the columns of the paper.

We give today the letter of acceptance of Gov. Hayes in full. It will be read with interest and general approval. The republican candidate speaks out in unmistakable terms as to civil service, hard money and other reform issues. And he is the man to do what he promises.

The heat was so great in New Jersey on Saturday that thirty members of a brigade on dress parade in Trenton, were stricken down within a few minutes of each other. Reports from all quarters show that the heated wave swept over the country without respect to localities.

We are informed that the detailed plan for the supply of water to the city that has been published is not authorized and is not at all correct. Mr. Norman has not yet decided where he will obtain the water nor how it is to be furnished to the town. It is useless therefore to discuss his plans and all such discussion must be wholly premature.

Intelligent readers of the Providence papers will be inclined to the opinion that private enterprise may be desirable in the establishment and maintenance of water works. It is charged, up the river, that vast sums have been lost by mismanagement and incompetency, that the works are conducted in the interest of rings, and that the whole affair is the football of scheming and designing parties who seek to make money out of the public necessities. These things may or may not be, so far as we know, but there is certainly opportunity for things of this sort under such circumstances. Other cities have a similar experience.

THE CENTENNIAL AND THE SABBATH.

A vigorous effort has again been made to throw open the centennial grounds at Philadelphia on Sunday. From the first there has been a class of agitators who have kept this question under discussion, and by shrewd management have at times made it appear as if there was a general movement in its favor. Public meetings were called in Philadelphia which were well attended, and which were addressed by the friends of the movement, including two or three ministers who manage to keep position near the outskirts of christianity and from these the report went out that the city where the celebration is held wished to open its doors on God's holy day. The press has also been freely used to create the same impression and there are doubtless many who believe that the majority of the people are ready thus to overthrow one of the institutions of our country, the maintenance of which has done so much to make us what we are. But a moment's thought will show quite the contrary. In Philadelphia itself not one in twenty of the population has by word or deed advocated the change, and the people of that city are justly indignant that they are represented as clamoring for that to which in fact they are conscientiously opposed. If we judge of the temper of the American people from the petitions and remonstrances that have been forwarded to the commissioners it will be seen that the preponderance is everywhere decidedly in favor of the observance of the Sabbath. It is true that sixty thousand petitioners asked for the change, but it also true that many times that number have remonstrated against it. There went up from Baltimore a few weeks since a protest from the General Conference of the Methodist Episcopal Church which body represented sixteen hundred thousand communicants every one of whom was thus arrayed against the proposed change. Here alone was heard the voice of a hundred times as many persons who spoke against opening the centennial on the sabbath as have been heard in its favor. And then the great Presbyterian body has spoken with a million voices to the same effect. The Episcopalians, Baptists, Congregationalists, etc., have passed similar resolutions in various parts of the country so that if the commissioners were disposed to listen to petitioners, and be governed by public sentiment they could not for a moment be left in doubt. And there are thousands in this broad land who are not connected with churches, who are not willing to see the Christian Sabbath broken down nor its obligations weakened. They know too well the blessings it confers upon our people, and the advantage it gives us over the nations where it is practically ignored.

The verdict of the Christian world will be that the centennial commissioners have acted wisely. They have been faithful to their convictions and to the settled principles of the American people. By a large majority they have put a quietus on the agitators and removed the only doubt that remained as to the success of the celebration, in its influence upon our nation and upon the nations of the old world. In analyzing the vote it will be seen that the representatives of all the great states, of those communities most advanced in culture and morals, are on the side of sabbath observance. The delegates from Georgia, Alabama, Idaho and Missouri were the principal advocates for opening the gates on Sunday, while the representatives of New England, New York, Ohio, Pennsylvania, Michigan, Illinois, Indiana, Iowa, Maryland, Kansas, Mississippi, Florida, Wisconsin, Virginia, Texas, Nebraska, District of Columbia, Wyoming and Florida voted solidly against it. The vote stood 10 for to 29 against, a decision so emphatic and so just as to put a quietus on the agitation for all time to come.

THE ABOLITION CONTEST.

To the Editor of the Daily News:—

We are sufficiently removed from the anti-slavery struggle which once rocked the land, which involved a recognition of the rights of Americans regardless of race, to view the same dispassionately, and have observed enough of its results to pass judgment thereupon and with some good degree of intelligence. It is now universally admitted, even by the late slave holder, that it is best to have the colored man in a condition other than that which recognized him as a human chattel, to labor without compensation, under the impulse of the lash. His recognition as a free man, with his rights to equality before the law affirmed, as sought to be enforced under what is known as Sumner's civil rights bill, has had no destructive or unpleasant results. Society moves in its ordinary groves. The free colored man, like the free white man, finds his level, is controlled by the law of affinity. He is not found intruding offensively in public places, even where he has the right by law to go in the exercise of his privileges. The law of propriety and adaptation is regarded by him, as it is by white men in all the walks of life. None of the bars that properly protect the sanctity of home and of the social circles have been pulled down by him or even attacked.

The efforts for freedom and a recognition of their public rights, so earnestly pressed by such colored men as Douglass, Downing, Garnett, and others, should not, as has been unjustly the case, work misrepresentation and predjudice to the detriment of worthy colored men.

A moral of the contest is, dreaded evil consequences from doing right are rarely realized, and should not restrain a just emotion. L.

THE BANDS AGAIN.

To the Editor of the Daily News:—

A card published in your paper and copied in the Fall River News of the 8th inst, gives our citizens the impression that some of our band were obliged to leave the ranks July 4th, on account of drunkenness. In reply I would say that but one of our men left the ranks during the day, and he being a heavy, fleshy man was reluctantly compelled to succumb to the extreme heat of the morning. He was at his post during the afternoon and evening.

The card contains other statements which are false but which is not my business to refer to. I hope the Newport Cornet Band (whoever they are) may have a good job at our next centennial and that in the meantime the author or authors of the card may learn truth and practice it.

THE PRESIDENCY.

Gov. Hayes's Letter of Acceptance.

"Hon. Edward McPherson, Hon. Wm. A. Howard, Hon. James A. Rainy, and others, Committee of the Republican National Convention:—

Gentlemen—In reply to your official communication of June 17th, by which I am informed of my nomination for the office of President of the United States, by the Republican National Convention, at Cincinnati,

I ACCEPT THE NOMINATION

with gratitude, hoping that under Providence I shall be able if elected to execute the duties of the high office as a trust for the benefit of all the people. I do not deem it necessary to enter upon any extended examination of the declaration of principles made by the convention. The resolutions are in accord with my views and I heartily concur in the principles they announce. In several of the resolutions, however, questions are considered which are of such importance that I deem it proper to briefly express my convictions in regard to them. The fifth resolution adopted by the convention is of paramount interest. More than 40 years ago a system of making appointments to offices grew up based upon the maxim "to the victor belong the spoils." The old rule, the true rule, that

HONESTY, CAPACITY AND FIDELITY

constitute the only real qualifications for office, and that there is no other claim gave place to the idea that party services were to be chiefly considered. All parties in practice have adopted this system. It has been specially modified since its first introduction. It has not however, been improved. At first the President, either directly or through the heads of departments made all the appointments, but gradually the appointing power in many cases passed into the control of members of Congress. The offices in these cases have become not merely

REWARDS FOR PARTY SERVICES,

but rewards for services to party leaders. This system destroyed the independence of the separate departments of the government. It tends directly to extravagance and official incapacity. It is a temptation to dishonesty. It hinders and impairs the careful supervision and strict accountability by which alone faithful and efficient public service can be secured. It obstructs the prompt removal and swift punishment of the unworthy. In every way it degrades the civil service and the character of the government. It is felt, I am confident, by a large majority of the members of Congress to be

AN INTOLERABLE BURDEN,

and an unwarrantable hindrance to the proper discharge of their legitimate duties. It ought to be abolished. The reform should be thorough, radical and complete. We should return to the principles and practice of the founders of the government. Supply by legislation, when needed, that which was formerly established by custom. They neither expected nor desired to form the public as any partisan service. They meant that public officers should

OWE THEIR WHOLE SERVICE

to the government and to the people. They meant that the officer should be secure in his tenure as long as his personal character remained untarnished, and the performance of his duties satisfactory. If elected I shall conduct the administration of the government upon these principles and all constitutional powers vested in the executive will be employed to establish this reform. The declaration of principles by the Cincinnati convention makes no announcement in favor of

A SINGLE PRESIDENTIAL TERM.

I do not assume to add to that declaration, but believing that the restoration of the civil service to the system established by Washington and followed by the early Presidents can be best accomplished by an executive, who is under no temptation to use the patronage of his office to promote his own re-election, I desire to perform what I regard as a duty in stating now my inflexible purpose if elected

NOT TO BE A CANDIDATE

for election to a second term. On the currency question I have frequently expressed my views in public and I stand by my record on this subject. I regard all the laws of the United States relating to the payment of the public indebtedness, the legal tender notes, as constituting a pledge, a moral obligation on the government, which must in good faith be kept. It is my conviction that the feeling of uncertainty, inseparable from

AN IRREDEEMABLE PAPER

currency, with the fluctuations of values, is one of the great obstacles to a revival of confidence and business, and to a return of prosperity. That uncertainty can be ended in but one way, the

RESUMPTION OF SPECIE PAYMENT,

but the longer the instability connected with our present money system is permitted to continue, the greater will be the injury inflicted upon our economical interests, and all classes of society. If elected, I shall approve every appropriate measure to accomplish the desired end, and shall oppose any step backwards. The resolution with respect to

THE PUBLIC SCHOOL QUESTION

is one which should receive the hearty support of the American people. Agitation upon this subject is to be apprehended until by constitutional amendments schools are placed beyond all danger of sectarian control, or interference. The republican party is pledged to secure such an amendment. The resolution of the convention on the subject of a permanent pacification of the country and the complete protection of citizens in the free enjoyment of all their rights, is timely and of great importance. The condition of

THE SOUTHERN STATES

attracts the attention and commands the attention of the whole Union in their progressive recovery from the effects of the war Their first necessity is

AN INTELLIGENT AND HONEST ADMINISTRATION

of the government, which will protect all classes of citizens in all their political and private rights. What the South most needs is peace and peace depends upon the supremacy of a law. There can be no enduring peace if the constitutional rights of any portion of the people are habitually disregarded. A division of political parties resting merely upon distinctions of race or sectional lines is always unfortunate and may be disastrous. The welfare of the South, alike with every other part of the country, depends upon the attraction it can offer to labor, to immigration and to capital. But laborers will not go and capital will not be ventured where the constitution and laws are set at defiance, and distraction, apprehension and alarm take the place of peace-loving and law-abiding social life.

ALL PARTS OF THE CONSTITUTION

are sacred and must be sacredly observed: the parts that are new no less than the parts that are old. The moral and material prosperity of the Southern states can be most effectually advanced by a hearty and generous recognition of the rights of all by all. A recognition with one restraint or exception with such a recognition fully accorded, it will be practicable to promote the influence of all the agencies of the government. The effort of the people of these states is to obtain the blessings of honest and capable local government. If elected, I shall consider it not only my duty, but it will be my ardent desire to labor for the attainment of this end. Let me assure my countrymen of the Southern states, that if I shall be charged with the duty of organizing an administration, it will be one which will regard and cherish the truest interests of the

WHITE AND THE COLORED PEOPLE

both, and equally, and which will put forth its best efforts in behalf of a civil policy which will wipe out forever the distinction between North and South in our common country, with active service organized upon a system which will secure purity, experience, efficiency and economy,

A STRICT REGARD FOR THE PUBLIC WELFARE

solely in appointments, and the speedy, thorough and unsparing prosecution and punishment of all public offenders who betray official trusts,

WITH A SOUND CURRENCY,

with education, unsectarian and free to all, with simplicity and frugality in public and private affairs, and with the fraternal spirit of harmony prevailing, the people of all sections and classes we may reasonably hope that the

SECOND CENTURY OF OUR EXISTENCE

as a nation will by the blessing of God be pre-eminent as an era of good feeling and a period of prosperity and happiness.

Very respectfully your fellow citizen.

BUSINESS NOTICES.

Take the whole catalogue of medicine, and you will not find a preparation that cures Kidney, Glandular and Bright's Disease as soon as HUNT'S REMEDY. Gravel, Dropsy, Diabetes, Suppression and Incontinence of Urine, Pains in the Side, Back, and Loins, Complaints of the Urino-Genital Organs, and Female Irregularities, are cured by HUNT'S REMEDY. APPETITE A NECESSITY.

Appetite is a necessity. Without it, sufficient food is not received into the stomach either to nourish the system or to give the stimulus to the bowels which they require. Both these organs and the liver become torpid in consequence, and the blood grows poor in quality and quantity. Improve the appetite, therefore, and avoid such results. This is most effectually done with Hostetter's Stomach Bitters, a tonic appetizer and alterative without a peer. It gives not only an unwonted zest for food, but enables the stomach to digest and the system to assimilate it. Flatulence, heartburn, nausea, and every other concomitant of indigestion are removed by it, as are also biliousness and constipation. Each nerve and fibre of the body is made to tingle with health by its use, and it is the leading remedy for despondency.

THE AMERICAN PEOPLE.

No people in the world suffer as much with Dyspepsia as Americans. Although years of experience in medicine had failed to accomplish a certain and sure remedy for this disease and its effects, such as Sour Stomach, Heart-burn, Water-brash, Sick Headache, Costiveness, palpitation of the Heart, Liver Complaint, coming up of food, low spirits, general debility, etc., yet since the introduction of GREEN'S AUGUST FLOWER we believe there is no case of Dyspepsia that cannot be immediately relieved. 30,000 dozen sold last year without one case of failure reported. Go to your Druggist, James H. Taylor, and get a Sample Bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents.

Quarterly Bills, July, 1876.

As near the 1st as is practicable, all bills due the undersigned will be presented for payment.

At every quarterly rendering of bills he feels warmed toward, and can safely thank beforehand, that admirable class of people scattered through all social ranks and from large to limited degree of monied ability who look upon debts contracted as debts of real honor, hastening (often with much personal inconvenience) to pay them when due. All honor to the great souled company and may their numbers increase.

Of that fearful class who are too honest to steal and too proud to beg—who by tender appeal or untrue statement get trusted and never pay—what can be said? Standing on the threshold of a new century of national existence may they change their ways, emulating only the nobler qualities of the emblematic eagle not following his baser leading as a bird of prey.

ROCKY POINT!

A Charming Summer Resort

Situated Midway Between Providence and Newport, R. I.

THE SEASON OF 1876

Opens on the First Day of July.

In a day's excursion from Newport and vicinity, for Military Companies, Civic Societies, or Sunday Schools, it has unsurpassed inducements. Leaving Newport in the morning, Rocky Point is reached in season for dinner, after which the time can be profitably and agreeably spent in looking at the various attractions about the grounds, among which may be enumerated the CAMERA OBSCURA, giving a living picture of all surrounding objects, both on land and water; the Observatory 150 feet above high water mark, from the summit of which can be seen a dozen different villages, and many miles of the beautiful Narragansett Bay, while at the same time the visitor can have refreshments of all kinds served in the sitting-room at the top; FLYING HORSES, run by steam; an INCLINED RAILWAY, ORNAMENTAL FLOWER GARDEN, FANCY FOUNTAINS, RUSTIC BASKETS, FREE MENAGERIE, BOWLING ALLEYS, &c.

There is also a fine BEACH FOR BATHING, and upwards of one hundred Bathing Houses, with suitable costumes always to be obtained.

The Dining Hall, where the famous SHORE DINNERS are served, consisting of Baked Clams, Baked Fish, Chowder, Clam Fritters, &c., is the largest in the country, capable of seating fifteen hundred people at one time, price of said dinner being only fifty cents.

Besides this there is a large Restaurant, where the bill of fare embraces everything the market affords.

☞ Prices have been materially lowered this year, in accordance with the times. Refreshment stands are located in various parts of the grounds, and in a shady grove can be found the handsomest and coolest Ice Cream Saloon in New England. Free Dancing can be enjoyed in a cool and spacious Hall set apart for that purpose. Music by BROWN & REEVES'S FULL ORCHESTRA.

ROCKY POINT HOTEL

will be kept, as usual, on the European plan, with prices much lower than formerly; special arrangements for rooms, including board, will be made with families desiring to remain for a specified time.

The undersigned, in commencing his tenth season at this popular resort, takes this opportunity to return his sincere thanks for past favors, and hopes to meet a continuance of the same.

CENTENNIAL.

OUR COUNTRY LIVES.

A hundred years! a century dead!
A hundred years, with banners spread,
Our country lived, lives!
And gains by what it gives;
Grows young though growing old;
Grows strong on what it grows;
Though stalwart now still growing tall,
From its vast wealth which overflows,
From golden mines the farmer finds in every soil.

A hundred years, while growing old;
A hundred states, may then unfold;
And banners wave, wave
O'er states which freedom gave
To form a union strong;
And stronger grown by years,
Until centennial days shall be
Millennial too in spite of fears,
That through some fates, in several states, we yet might be.

A hundred years our flag has waved;
"Our country," now on banners graved,
Our country still, still
As one in one good will,
Still every part as one
Joins hearts and hands, and lives;
Lives now as through past years,
And every wrong of each forgives,
Through love of old and not through fears;
And that is why we cannot die—our country lives!

SOLON ROBINSON.

VEST POCKETS ON THE LEFT SIDE.

A young man from one of the suburban districts was in one of our tailor shops getting measured for a vest, the other afternoon.

"Married or unmarried?" queried the merchant, after taking down the number.

"Unmarried," said the young man, with a blush.

"Inside pocket on the left side, then," observed the tailor, as if to himself, making a memorandum to that effect.

After a moment's pause the young man from the suburbs was prompted to ask:

"What difference does my being married or unmarried make with the inside pocket of the vest?"

"Ah, my dear sir," observed the tailor, with a bland smile, "all the difference possible, as you must see. Being unmarried, you want the pocket on the left side, so as to bring the young lady's picture next to your heart."

"But don't the married man also want his wife's picture next to his heart?" queried the anxious youth.

"Possibly there is an instance of that kind," said the tailor, arching his eyebrows, "*but I never heard of it.*"

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse."
CHARLES MASON, Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a man more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

"MR. R. H. EDDY has made for me over THIRTY applications for Patents, having been successful in almost every case. Such unmistakeable proof of great talent and ability on his part, leads me to recommend ALL inventors to apply to him to procure their Patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." COR-CORAN'S IMPROVED WIND MILL!

ATTENTION is invited to this improved mill, as surpassing all others in Simplicity, Efficiency, Symmetry and Economy. Recent improvements have reduced the friction joints from 60 to only 4, and being provided with patent lubricating cups, it may run thirty days by once oiling. It may be cheaply mounted, (the smaller mill costing only $55.00), or by an artistic tower it may be set to become an ornament as well as an invaluable convenience at every suburban residence. I would be pleased to attend those in want, or refer to engineer at Torpedo Station, whose practical experience will enable him to explain its merits more fully.

Having removed my place of business from Commercial Wharf to **No. 19 BROADWAY** for the better convenience of my patrons, and arranged to continue my repair department (thus protecting the implements I sell), and to offer all goods appropriate to the wants of Farmers, Gardeners and Citizens (in my line), I would respectfully solicit continued patronage.
